

To Everyone at Dave's:

We sincerely appreciate the fact that you came to our home and fixed--FREE OF CHARGE--a door we had purchased seven months before! Unlike many people in business who forget the customer after the initial purchase, your company does not operate in that manner. You stand by your products and your service and make sure the people who deal with you are satisfied. I would recommend your reputable establishment to anyone. We need more honorable people like you in this world. Thank you again for helping us resolve the problems we had and for doing it so generously and so graciously.

Sincerely,
Bonnie and Tommy Barry
